Torquedo at Green Rewards

Green Rewards, the green and ethical online shop, is propelling its product range forward by stocking the eco version of an outboard motor for sailing enthusiasts, the electric Torquedo.

Made in Germany, these electric rechargeable engines are suitable for small boats, inflatables and sail boats. The battery charge time from flat to full charge is about 10 hours. This engine is a high-end solution to an outboard which is cheaper in the long run than a regular petrol outboard.

The Torquedo is suitable for use in salt water and the noiseless design enhances your enjoyment of your day on the water, and helps to reduce the impact on the environment.

The fully waterproof design can be submerged for up to an hour without doing any damage.

A range of different sizes are available from Green Rewards now, starting from £999 or 399,600 Green Points.

Notes for Editors:

Green Rewards is a green and ethical online shop and rewards scheme that provides people with an easy and engaging way to lead a greener lifestyle and play their part in tackling climate change. The

venture was set up by Graham Simmonds, former Chief Executive of the environmental charity Trees for Cities and Richard Hammond, Entrepreneur, whilst the radio and television personality, Neil Fox (who currently presents Magic 105.4 FM's Breakfast Show) is involved as a non-executive director.

At www.greenrewards.co.uk people can visit Our Green Shop where we have brought together over 500 eco products, gifts and experiences offering something for everyone – from bird feeders for the garden, energy saving devices for the house, toys for the kids, ethical fashion, green charity gifts and much, much more! Our points can only be spent in Our Green Shop where everything has been rigorously vetted by an Independent Sustainability Advisory Panel that includes some of the UK's leading figures covering carbon footprinting, ethical fashion, recycling and fair trade.
